

2024 READ-a-THON "Readers Are Winners" January 15 - February 26

Winner's Checklist

Dear Parents,

The Lake County Public Library Foundation encourages your child to make reading a part of their life, both in and out of school.

All your child needs to do is seek sponsors, then read as many books as possible within the six weeks of the READ-a-THON. Upon completion of the sixth week, your child should begin collecting pledges to put into their envelope. Please return the envelope with the child's information on it to your school or local branch library.

Once all the money has been counted, participating schools will receive one-third of the total monies raised by their students.

Encourage your child to read. It is the one gift that will last a lifetime.

Sincerely,
Lake County Public Library
Foundation Board

Lake County Public Library Foundation is an independent, not-for-profit organization, formed by people who are concerned about the quality of library service in this community. The Foundation promotes fundraising drives like the READ-a-THON to be the primary sponsor for Dolly Parton's Imagination Library in our library district. The money raised is invested, and only the interest is spent to benefit the library. Thus, money raised today will keep giving for years to come.
